CYBERSKILLS

Co-funded by
the European Union

Welcome to the Cyberskills newsletter!

AUGUST 2026

CYBERSKILLS

Develop Your Digital Skills in Cybersecurity

The project addresses **Europe's** growing **cybersecurity skills shortage** by **bridging the gap between specialised training and young people** facing economic, geographical, or social barriers. It connects education, vocational training, and the technology industry through **a blended learning methodology**.

MORE ABOUT THE PROJECT:

Co-Funded by the European Union
Type of Action: Erasmus+ KA220-VET
Total budget: 250.000 €

Duration: 24 months (11/2025-10/2027)
300+ youths upskilled

6 partners, 3 countries

EMPOWERING YOUTH IN CYBERSECURITY

Are you 18–30 years old interested in building a career in cybersecurity?

LATEST RELEVANT EVENTS

Organised as part of **European Youth Week 2026**, the Cyberskills' **hybrid event** "Cybersecurity Skills for the Digital Society", held on **27 April 2026 in Brussels,** showcased how cybersecurity education can **boost youth employability** and help **address Europe's growing digital skills gap.**
